## Welcome to the Conference!

**Randy Pierce**  
**ARC President 2018**

Greetings,

I'm pleased to welcome you to Eureka Springs for the 25th Annual Arkansas Recycling Coalition Conference and Trade Show!

It's impressive that for the last 25 years, great people from all over the state have come together to talk and share ideas on how we keep the Natural State natural. Over the years, we have seen numerous changes with regards to recycling. Today, recycling is more than just paper and plastic; it has led to discussions around sustainability and how we can do more with all of our natural resources. Our lineup this year of speakers, presenters, and vendors is a direct reflection on how the sustainability movement is affecting our daily lives, as well as business.

I want to thank our Executive Director, Cherie O'Mary, and our Board of Directors for all of their hard work making this event happen. To our sponsors and vendors, thank you for all you do! And to our membership, thank you for playing a part in keeping Arkansas Natural.

Enjoy the conference,  
Randy Pierce  
President, Board of Directors

9:00 AM - 9:45 AM

**John Bradburn**  
**Chief Materials and**  
**Sustainability Officer –**  
**Pathway21**

**Meet Mr. John Bradburn Chief Materials and Sustainability Officer - Pathway21.** We are honored to have John as our 2018 Conference Keynote. John recently retired in early 2018 as the Global Manager of Waste Reduction for General Motors after 39 years of service. In his waste reduction role, he led the company's landfill-free, zero waste initiative, which resulted in an industry leading 152 GM operations around the world that reuse, recycle, and convert to energy all waste from daily operations. John is an expert in waste reduction and recycling and was dubbed GM's MacGyver for devising unconventional uses for everyday waste. Communications of this work exceeds 1 billion media impressions. John frequently mentor's other companies pursuing zero-waste goals and sustainable material management.

In 2015, John received the Presidential Lifetime Service Award from the Office of the President of the United States for sustainability services to youth. He serves on the advisory board of the U.S. Business Council for Sustainable Development.

John earned a Master of Science degree in hazardous waste management from Wayne State University in Detroit in 1995 and a Bachelor of Science degree in conservation from Northern Michigan University in 1978. He is a certified Hazardous Materials Manager.

**October 9th**  
**Tuesday Events (continued)**

**CONCURRENT SESSIONS**

**9:45 AM - 11:15 AM**

**SESSION B**

**A FOCUS ON SUSTAINABILITY PROGRAMS**

**Moderator:** Randy Pierce, President – Natural State Recycling

**Speakers:** Joe Kitterman, Maintenance Supervisor and Green Team Chairperson – McKee Foods Corp  
Rachel Furman, Sr. Environmental Manager – L'Oreal USA

Sustainability - not just a word used when you commit as deep as these three have! In this session, you will learn the level of commitment that is necessary to maintain and continue to grow the program. Listen carefully as you will be provided the blueprint to start, maintain, and grow your program.

**SESSION B-1**

**WORKING (ACROSS) THE NEW GENERATIONS**

**Moderator:** Suzanne Hirrel, UofA Cooperative Extension Service (Ret.)
