## Welcome to the Conference!

**Kendrick Ketchum**  
**ARC President 2022**

It is my extreme honor to extend a warm welcome to you from Oaklawn and Hot Springs for the 31st Annual Recycling Coalition Conference & Trade Show.

I want to start by thanking our Members, our Executive Director, Cherie O'Mary, the ARC Board of Directors, and especially our Conference Committee. As a result of hard work, valuable input, and incredible creativity, we have a World Class 2022 Conference in store for you. A quick scan of our lineup reveals some Arkansas Heavy Hitters including a U.S. Senator and Tyson and Walton representatives. With a slightly experienced eye for "who is who" in recycling, you will see some well-known and highly respected national figures. To top it all off, it is easy to identify a strong lineup of local, regional, and statewide speakers who will waste no time getting right to the heart of what we all do every day: reduce waste, promote sustainability, and recycle. The Conference Committee meticulously put this conference together with you, as an attendee, in mind in order to stimulate the kind of conversations that will be needed to plant the seeds of commerce creating the kind of synergies that makes our industry robust and stronger. To capture the full value of the conference, I urge you to attend as many sessions as possible, listen intently, ask questions, and allow the discussions to spill out into the Trade Show where we have a group of Exhibitors that have the potential to be meaningful advisors, partners, and/or cheerleaders.

I will speak for the Board of Directors, we look forward to seeing everyone and hearing your thoughts about this year's conference and will definitely be ready to explore your ideas on how we can raise the bar higher to make the ARC Conference even better in the years to come.

Please take time to visit our Vendors and enjoy the conference!

As Always,  
Kendrick

## Monday Events (continued)

**12:30 PM**

### **TOUR: OAKLAWN BEHIND-THE-SCENES**

This popular tour returns this year! Oaklawn, Hot Springs National Park, Arkansas, has been one of the premier thoroughbred racetracks in the country since 1904, best known as the home of the \$1 million Arkansas Derby. The racing season runs from December 3 – May 8 and features the richest prize money of any racetrack in North America during that time period. For this tour hop on the Oaklawn shuttle bus at the hotel entrance.

**1:30 PM – 4:30 PM**

### **TOUR: GANGSTER MUSEUM OF AMERICA, FORDYCE BATHHOUSE & HISTORY OF HOT SPRINGS**

The Gangster Museum of America is both historic and entertaining. Discover over 100 years of history when Hot Springs was a hotbed of gambling & became a favorite hangout of some of the most notorious gangsters. Learn why it's considered the "Birthplace of Professional Baseball's Spring Training" and even see John Dillinger's death mask.

After your museum tour the group will walk down the street (a one-block walk) to the Fordyce Bathhouse for another tour. In the 1930's over a million baths a year were given and Hot Springs became America's first resort.

You will arrive back at Oaklawn in time to catch the Welcome Reception.

**6:30 PM – 8:30 PM**

### **WELCOME RECEPTION**

After a full day of golf, tours, shopping, exploring or just taking in the scenery, now is the time to meet all of your friends (old and new) at the beautiful Oaklawn pool area for some food and networking.

## **AWARDS LUNCHEON**

**Tuesday, September 13th | 11:15 AM – 12:45 PM**

**Join ARC as we reveal our 2022 recyclers of the year. This gives our entire membership the opportunity to say thanks and honor those who work so hard every day to keep recycling going in the state of Arkansas.**

### SESSIONS

**9:30 AM – 11:00 AM**

#### **SESSION (A)**

##### **ARKANSAS' CONTRIBUTION TO OUR TRANSPORTATION FUTURE**

**Moderator:** Alford Drinkwater, President – Town and Country Services  
**Speakers:** Susan M. Emry, Executive Vice President – Envirotech Vehicles, Inc  
Jim Wimberly, Sr. Vice President – Energy Security Partners, LLC  
Jan Naidu, Founder & CEO – ReVolt Battery Technology

Electric versus gas is sure to be an ongoing debate! One thing is for sure and that's Arkansas will have its hands in the future of transportation. This session will explore how Arkansas will participate as the transportation industry begins to make a big change.

#### **SESSION (A-1)**

##### **MARIJUANA IN THE WORKPLACE/SEXUAL HARASSMENT IN THE WORKPLACE**

**Moderator:** Harold Ford, Director of Sanitation (Retd.) N. Little Rock Sanitation  
**Speaker:** Brandy McAllister, Risk Management Services Council – Association of Arkansas Counties

This session is a holdover from last year's conference. It became very obvious that we needed to spend additional time on sexual-harassment and marijuana in the workplace. The Arkansas Association of Counties will provide us with the latest suggestions on how to handle and incorporate two very big topics into your workplace.

**11:15 AM – 12:45 PM**

#### **AWARDS LUNCHEON**

**Special Guest Speaker:** Senator John Boozman, Co-Chairman – Senate Recycling Caucus

John Boozman is Arkansas' senior United States Senator. Senator Boozman is the Ranking Member of the Senate Agriculture, Nutrition, and Forestry Committee, a very important position for Arkansas. Senator Boozman also sits on the Senate Committee on Environment and Public Works, and is the Co-Chairman of the Senate Paper and Packaging Caucus and Co-Chairman of the Senate Recycling Caucus all of which are very important to Arkansas and to all those of us who striving to make recycling our primary means of sustainable waste management. Recently, Senator Boozman was successful in leading the Senate to pass legislation that will support states and the federal government in developing better data on recycling and waste management, thereby supporting the development of better recycling programs.

**Speakers:** Bill Barnes, President – Tri-Pennant Family of Resorts  
Bob McGivney, Director of Sales – Balcones Resources, Inc/Natural State Recycling  
Faebyan Whittle, Director of Sustainability – Pack Rat Outdoor Center

Whether you are a Fortune 500 company or a start up company, you are sure to experience difficulties with Recycling and Sustainability. This session will take some of Arkansas's most successful stories and give you an in-depth look as to how these companies turned stressful days into success stories.

#### **SESSION (C-1)**

##### **REDUCING WASTE AT FESTIVALS AND PUBLIC EVENTS**

**Moderator:** Tiffany Dunn, Executive Director – Recycle Saline

**Speakers:** David Johnston, Waste & Recycling Permits Coordinator – Salt Lake City Corporation  
Stephanie Katsaros, Founder & President – Bright Beat

Maybe the lockdowns are behind us and cooler temperatures in front of us. If this is true it's time to hit up all of the very cool festivals and events Arkansas has to explore. This session will look into the many possibilities that exist when planning your waste removal and recycling options. Don't miss out on these money saving ideas as well as recycling options that will leave your event shining.

## WHO ARE WE

Eco Solutions 4 U is a sustainability management company that is committed to establishing collaborative client partnerships, as well as providing practical and rewarding sustainable options. We ensure that our solutions will enable businesses not only to financially grow, but also to act responsibly to the planet's preservation.

## SUSTAINABILITY MANAGEMENT SOLUTIONS

- ✓ RFP Management
- ✓ Organic & Food Waste
- ✓ Waste Management
- ✓ Onsite Waste Audit
- ✓ Product Destruction
- ✓ Logistics Specialists
- ✓ Vendor Management
- ✓ Environmental Consultants
- ✓ Waste To Energy

## UNIQUE CLIENT AUDITING SERVICE

Since 2021, Eco Solutions 4 U has saved our clients in excess of \$150,000 in billing errors! With Eco Solutions 4 U as your company's invoice statement auditor, our waste and recycling expertise becomes your "extra set of eyes" giving you comfort that you are being billed correctly. We audit all waste and recycling invoice statements for billing errors and savings opportunities. Haul rates and rates per ton mistakes on invoice statements are common due to standard human and system errors. These may not be obvious to the untrained eye within the complexity of contracts and monthly bills. We compare each invoice statement to your contractual pricing terms, in some cases, invoice statement errors are the result of erroneous vendor price increases, contract term expiration, and or equipment charges.

## OUR MISSION

To design sustainability plans that increase our client's profits, minimize their environmental footprint, and manage their impact on the future generation.

Our team goes the extra mile to exceed the expectations of our clients. Eco Solutions 4 U ensures that our client's service and customers are never compromised. We select responsible, ethical, and conscientious partners that meet our rigorous compliance and regulatory audits.
